Welcome to Your Reset

If you're reading this, chances are you're tired.

Tired of stretching every dollar.

Tired of overdraft fees.

Tired of wondering if there's enough left after groceries, gas, daycare, or school expenses.

And maybe you're tired of financial advice that sounds like it was written for people with extra money and extra time.

This guide is different.

This is not about perfection.

This is not about never buying coffee again.

This is not about shame.

This is about creating breathing room.

Over the next 30 days, we're going to help you:

- ✓ Stop the constant money panic
- ✓ Organize your bills without overwhelm
- ✓ Build a simple survival budget
- ✓ Cut financial stress without cutting joy
- ✓ Start a small emergency cushion
- ✓ Feel more in control again

You do NOT need to be good at math.

You do NOT need spreadsheets.

You do NOT need a huge income.

You just need one thing:

A willingness to reset.
